 Ice cream wrappers
 Large sheets of plastic that furniture comes wrapped in (cut into A3 size pieces)
 Netting produce bags (any metal clips removed)
 Newspaper and magazine sleeves/wraps
 Pasta bags
 Pet food bags (chaff/horse/chicken) - both the plastic and woven polypropylene types (but not woven nylon). Cut into A3 size pieces and shake free of as much product as possible
 Plastic Australia Post satchels
 Plastic carrier bags from all stores
 Plastic film wrap from grocery items such as nappies and toilet paper.
 Plastic sachets
 Potting mix and compost bags - both the plastic and woven polypropylene types (cut into A3 size pieces and free of as much product as possible)
 Rice bags - both plastic and the woven type (if large, cut into A3 size pieces)
 Snap lock bags / zip lock bags
 Squeeze pouches with lid on (e.g. yogurt/baby food). Lids on to prevent any residual yoghurt or baby food squirting out.
 Wine bladders - clear plastic ones only

Ensure they are empty as possible and dry – a few crumbs or smear of gravy can be tolerated, but wet plastic creates mould which becomes a problem for the recycling programme.
 It's fine to bundle up all your unwanted shopping bags and packaging in a bag before placing in a REDcycle drop off bin.
 Dirty or contaminated – kerbside general waste bin.
 Small paper labels are OK and don't affect the recycling processes at all.
 If the label is bigger than A5 size, please do peel or cut it off.
 If the recycle bins at the stores are full, you can just hand your bags to the staff at the customer service desk and they will add your plastic to those bags awaiting collection.

Not accepted:
 Biodegradable/compostable plastics because they degrade;
 Any rigid plastic such as meat trays, biscuit trays or strawberry punnets, plastic bottles, plastic containers
 Adhesive tape
 Blister packs, tablets and capsule packaging
 Bread bag tags

SPECIFIC DEPOTS AND RECYCLERS.

South Coast Bottle & Can Co Pty Ltd

34-36 Maude Street Victor Harbor and 1226 Port Elliot Road, Goolwa

- Aluminium cans – non-crushed preferred as easier to handle
- Car batteries
- Car bodies (without LPG cylinders) – Victor Harbor only.
- Cardboard – staples and sticky tape can be left on. Cartons to be flattened.

- Clear plastic bottles with PET on the bottom. E.g. juice bottles. Lids off and collars removed preferably. Paper labels can be left on as they are burnt off during processing.
- Deposit-bearing bottles – glass and plastic – lids off and collars removed preferably. Some small flavoured milk bottles can have the tops left on as these tops are made of a softer plastic that is the same type as the bottle itself.

- Egg cartons

South Coast Bottle & Can Co Pty Ltd

34-36 Maude Street Victor Harbor and 1226 Port Elliot Road, Goolwa

- Electrical cables
- Electric motors
- Food tins – paper labels can be left on
- Glass jars – lids off. Paper labels do not have to be removed.
- Gold
- Milk and juice cartons – silver lined and waxed cartons. Plastic lids and spouts can be left on these. Washed please.
- Newspaper

- Opaque plastic milk, juice, vinegar etc. bottles HDPE on the bottom. Lids off and collars removed preferably. Paper labels can be left on as they are burnt off during processing.

- Paper (including junk mail) and magazines

- Plastic bottles with PET or HDPE symbols. Lids off and collars preferably removed, because these are made of a different type of plastic.
- Radiators
- Scrap metal – including aluminium, brass, bronze, cast aluminium, copper, lead, steel – including car bodies and whitegoods), stainless steel
- Shredded paper – loose into the appropriate bins.
- Steel cans
- White goods (do not have to be dismantled)
- Wine bottles – lids off. Paper labels do not have to be removed, as burned off in processing

Hazardous Household Waste Depot - Hazardous chemicals www.greenindustries.sa.gov.au

Magazine road and Henschke Street, Dry Creek. Safe, responsible and free of charge disposal.

First Tuesday of the month 9am – 12 noon

- Fluorescent light globes
- Household chemicals
- Motor oil and coolants
- Paint – in liquid form, not hardened
- Solvents (including paint thinners and turpentine)
- Pharmaceuticals
- Pesticides – including herbicides and insecticides
- Pool chemicals

Salvage and Save – co-located at Goolwa recycling depot 1226 Port Elliot Road, Goolwa.

Furniture, household goods, and gardening items. Supported workshop to repair electrical goods.

www.southcoastrecycle.com.au.
